GENERAL HEADQUARTERS

APO 500  
14 February 1946

MEMORANDUM:

TO : Colonel Marcus, Director Recovered Personnel, AFWESPAC,  
APO 707. 30 July 1945

1. Reference is made to my Memorandum 24 January 1946 to the Director Recovered Personnel Division, AFWESPAC, attention being invited to the fifth paragraph of that Memorandum.

2. A few of the reports mentioned in that paragraph are attached. These reports are compiled from radios sent by the Japanese Government to Geneva for transmission to the Government concerned. We find in many instances that the names and the diagnosis given are not correct. Therefore Geneva is not receiving correct information. ATIS personnel on duty with this office are checking each one carefully and correcting all mistakes so you can be assured of true information.

3. In the future we will use a mimeograph form<sup>m</sup> entitled "Unreported Deaths of Allied Personnel". These will be submitted daily regardless of how few we have finished.

4. Also enclosed are twenty-five (25) copies of the Shanghai Death List.

N. E. CHURCHILL

Death of Pfc R. G. Teas, US Army.  
Report by Squadron Leader David Grant RAF.

Pfc R. G. Teas was a prisoner at the above camp where I was senior RAF officer from November 28th 1942 till August '42.

On or about the 2nd of March, 1943 Teas, who was in sick quarters suffering from malnutrition and dysentery was found to be in possession of several tins of Red Cross food. The matter was reported to me and I questioned Teas. Who said he had taken the cans from a shed where he had been them being hidden by a Japanese reservist employed in the camp.

I discussed the matter with the senior American officer, Major Alan M. Cory, (115, N. Cheyenne St. Tulsa, Okla.). We concluded that Teas's story was true. As the store had not been broken open. I went to Yoshisawa, (Corpl. 48th Regt.) the camp interpreter, and reported the matter, describing the reservist who had hidden them. He said that Teas must have stolen the cans. I said that was impossible as the store had not been broken into. And further than another American soldier had also witnessed the concealing of the cans by the Japanese reservist. I also reminded Yoshisawa that Teas had been diagnosed by the camp doctor, Lt Van Slooten, Dutch Army. As suffering from kleptomania. Yoshisawa understood the term "kleptomania" which he looked up in his dictionary, and realized that it meant mental sickness causing the sufferer to steal objects irrespective of their value.

Yoshisawa then called the storeman, a reservist called Suchiyeh. The two had a long discussion in Japanese which I did not understand.

All three of us, and Sq Ldr Blanchard. Then went to the sick bay. On the way I again asked Yoshisawa to have Teas sent to a proper hospital for treatment for his physical and mental trouble. He said "I do not think Teas is mad".

On arrival at the sick bay I was astonished to find that Yoshisawa and Suchiyeh made no mention of the Red Cross cans. But accused Teas of having stolen a Japanese shirt. They searched his kit but found no stolen shirt. In order to make him confess to the theft, Yoshisawa ordered him to stand up on his bunk and Suchiyeh slashed him repeatedly across the face with a knotted rope. While Yoshisawa jabbed him several times in the stomach with a stick.

Sq Ldr Blanchard protested vigorously against this treatment. And after several minutes the punishment stopped without any confession having been obtained. Teas was then ordered to stand outside in his underwear. The weather was bitterly cold. I went to Yoshisawa and asked that Teas be allowed to return to bed. This he was allowed to do after one hour and a half. I learned later that Yoshisawa ordered that Teas was not to be given any food for four meals and was obliged to fast from his morning meal until

the evening meal of the following day.

Teas died on March 5th 1943. I am convinced that his death was caused or at least hastened by the above-described maltreatment.

Kamioka, May 21th 1945

To: HIS EXCELLENCY THE SWISS MINISTER PLENIPOTENTIARY  
AND ENVOY EXTRAORDINARY  
AT THE IMPERIAL JAPANESE COURT  
TOKYO

EXCELLENCY:

Re: Nagoya Prisoner of War Camp  
Kamioka Sub Camp

On behalf of the Prisoners of War occupying the above camp represented as follows: 2 Officers and 326 N.C.O.'s and Privates of the United States Forces, 1 Officer and 4 Privates of the British Forces and 17 Officers and 215 N.C.O.'s and Privates of the Royal Netherlands E. Indian Army we address a request for your Excellency's earnest consideration as protector of American and British Interests in Japan. For Your Excellency's Guidance we might add that the Dutch and British Arrived here in December 1942 whereas the American 1st and 2nd Detachments came to this camp in May and August 1944

Due to the nature and duration of our imprisonment and prevailing general conditions the standard of health in this camp has reached a serious if not alarming stage. Many men vis: 15 Americans, 2 British and 63 Dutch has succumbed to the hardships of Prisoner of War Life.

All attempts of the Japanese Authorities to mitigate existing conditions have failed. Proof of this can be found in the fact that out of the above total of dead 11 Americans and 19 Dutchmen died since January 1st of this year. Consequently we may expect to be faced with an even graver situation in the near future.

We therefore beg of your Excellency to acquaint the International Red Cross Society with the state of affairs in this camp and to also notify His Excellency the Swedish Minister at Tokyo who is looking after the interests of the Netherlands Subjects in this country.

We would be grateful to Your Excellency to enclose two copies of "Personal Affairs of Military Personnel and Aid for their Dependents"-- U.S. War Department Pamphlet -- when acknowledging receipt of this letter.

Meanwhile we beg to remain, Your Excellency,

Yours Faithfully,
