Translation of leaflet dropped on the Japanese, August 6, 1945, Miscellaneous Historical Documents Collection.

4. A translation of the above leaflet follows:

EVACUATE YOUR CITIES "ATTENTION JAP .. NESE " DOPLE"

"Because your military leaders have rejected the thirteen part surrender declaration, two momentous events have occurred in the last fow days.

"The Soviet Union, because of this rejection on the part of the military has notified your imbassador Sato that it has declared war on your nation. Thus, all powerful countries of the world are new at war against you.

"Also because of your leaders' refusal to accept the surronder declaration that would enable Japan to honorably end this useless war. we have employed our atomic bomb.

"A single one of our nowly developed atomic bombs is actually the equivalent in explosive power to what 2000 of our giant B-29's could have carried on a single mission. Radio Tokyo has told you that with the first use of this weapon of total destruction, Hiroshima was virtually dostroycd.

"Before we use this bomb again and again to desurey every resourse of the military by which they are prolonging this usoless war, potition the Emperor now to end the war. Our President has outlined for you the thirteen consequences of an honorable surronder; No urge that you accept these consequences and begin the work of building a new, botter, and poace loving Japan.

"Act at once or we shall resolutely employ this bomb and all our other superior weapons to promptly and forcefully end the war."
