Mrs EA HILL - 511 W COBB St. EL RENO, OKLA.

DIED: YODOGAWA BUNSHO Feb. 22, 1944 12:30 PM.

Cause: Malnutrition, Beri Beri.

History: Drinking much molasses (possibly lead poisoning) from
Milkmaid tea. Was on coke detail Feb 1944 and inside coke detail
Feb 21, 1944. Had moderately severe BB infection of right foot for
past few days - opened (1" incision) on dorsum by order of Dr
Hokiyashi who examined him Feb 23, 1944. No pus was found.
That night the patient went into coma and died the next morn.

Has been extremely emaciated for past 2 months and for
treatment received all BB powder, fish powder, fish cake
VB, B₂ & C. ^{available} the past 3 months. In spite of this pt. continued to
fail until death. No exceptional physical findings - lungs clear, pulse weak
but regular.

VB injection: - Dec 25-31, 1942; VB injection Feb 2-8, 1943.

Lite duty BB Feb 1, 43. Sick bay diarrhea May 7 & 8, 1943.

VB powder - July 1-31, 1943; Aug VC injection; Sulfaguanidine 6.5 gm Jan 2
1944.

Sept 3, 1943 laceration 3 stitches left thumb. Sept 12, 1943 Hsp bronchitis Sept 13 duty.

Nov 30, 1943 60 kg - admitted to Bay 13A.

Dec 23, 1943 Hsp diarrhea; duty Dec 24, 1943.

Jan 20, 1944 Hsp diarrhea Duty Jan 21, 1944. Feb 22, 1944 BB Hsp died.
Probable weight about 45 kg height over 6 feet. (about 6'2").

Patient one of the men who did as they pleased about keeping
clean, drinking tea & water, picking up Japanese garbage; eating
force out of wash room, drinking tap (impure condensed) water
