Yodogawa Bunko POW Camp,
Osaka, Japan March 30, 1945

Subject: Commendation

To: Adjutant General, Washington, D.C.

1. Private first class Harry P. Menozzi
Serial number 33081096 Company "A" 803rd Battalion
Engineers (Aviation, Separate) served under me
in the capacity of medical corpsman while a
prisoner of war Yodogawa P.O. W. Camp, Osaka Japan
from Dec. 8, 1942 until March 30, 1945. During
this period Private first class Menozzi was
conspicuous by his devotion to his duty and
his unselfish aiding of his fellow prisoners who
were under his care in the camp hospital.
The assistance rendered me by Private first
class Menozzi was of immeasurable value
at a time when a large percentage of the
personnel of the camp were suffering from
disease and malnutrition. Private first class
Menozzi not only performed the routine
duties of a medical corpsman but also
exhibited initiative and sound judgement
in the handling of patients who were often
mentally incompetent or refractory and in the
administration of medicine. His honesty and
at a period when temptations were great
and corruption in the handling of food and
medicine a matter of life or death was

always unquestionable.

2. Among the valuable services rendered by Private first class Menozzi the most salient was that of caring for the tubercular patients. With utter disregard for his own health and wellbeing Private first class Menozzi devoted his time and labor to nursing these men who were stricken with this extremely contagious disease.

3. It is recommended that Private first class Menozzi be awarded a soldiers medal and advanced in rank at the earliest opportunity. It is felt that Private first class Menozzi is fully capable and qualified to perform the duties incumbent upon a non-commissioned officer of the first three grades.
